## Uncle Ned . . . From Dogtown

DEAR MISTER EDITOR:

My old lady was arguing last night that folks in the main is all truthful. I told her she shore has been leading a sheltered life if she believes it. I never knowed a drunk man to tell the truth, and folks in love is noted for lying to each other.

And you couldn't believe the average feller on a stack of Bibles that is running for public office. I'd sooner put faith in a seed catalogue or the weather forecast as one of them fellers. That takes about half the population out of circulation.

Then when you git around to used car salesmen, lawyers for the defense, fishermen, and Bug Hookum's wife, you done cleaned out another fourth of the population.

A few folks like me and you, Mister Editor, is about all that's left. I think a heap more folks would like to be honest if they could pick the right time for it, a time when it wouldn't cost 'em nothing.

I recollect attending a revival onct where everybody was gitting up and confessing what sinners they was and how bad they'd been, and one old sinner got up and said he'd like to confess and repent at this time but he couldn't afford to do it while the grand jury was in session. The grand jury stays in session most of the time for a heap of folks.

The fellers at the country store Saturday night was discussing the different kinds of folks that brag all the time. It was decided unanimous that the worst kind is the family that's got plenty of money and is always making excuses to keep us pore folks from telling bad about it.

They'll tell you they just had to sell eating eggs on account of them going to 70 cent a dozen, and the next day they'll be div-

ing around in a new Cadillac. The wife will come to church with a new mink coat and allow as how she had to sell the front door knob, the electric stove and the family tomcat to pay for it.

This effort to soothe the pore man's fate is worse than bragging. If a feller's got plenty of money, I don't like to see him brag about it or make excuses for it just spend it.

There's some types of braggers that I enjoy hearing spiel their stuff. I've talked to the feller that invented the hole in the doughnut, and I spent two hour onct hearing a feller tell how he put the first railroad through the Texas desert. The half dozen fellers that claims to be the first American soldier to land in France in World War I is all personal friends of mine.

I enjoy this kind of bragging, but deliver me from the rich folks that try to make me forget how pore I am.

Yours truly,  
Uncle Ned.

Mr. and Mrs. Ellis Henson of Harrisburg, Ill., attended the Luther Hill rites in Benton recently.

### Club Women Serve as Models at Style Show

Kentucky Dam Auditorium was the scene March 26 of the Kentucky Federation of Women's Club Vogue Sewing Contest and Style Show for the First District. The Calvert City Woman's Club was host.

Ladies modeling from various clubs were Mrs. Robert Hocker Jr., Arlington Woman's Club; Mrs. Malcom Cross, Calvert City; Mrs. R. W. Hodge, Clinton; Mrs. Edward Bugg, Clinton Younger Woman's Club; Mrs. Bob Brown, Fulton; Mrs. Charles Strange, La Center; Mrs. Castle Parker, Mur-

ray; Mrs. Isaac Ford, Paducah Junior Woman's Club; and Mrs. Edmund Tilley, Paducah Senior Woman's Club.

Specialty of the of the show was Miss Melinda Hocker, modeling a spring frock made by her mother. These ladies were the winners in their local clubs. Winner of the district contest was Mrs. Bob Brown of Fulton and alternate winner was Mrs. Castle Parker of Murray.

Mrs. Brown's costume will be sent to Louisville where it will be judged in the state contest. For winning at district level, she was presented with a subscription to the Vogue Magazine and a Vogue Pattern. Local winners were given a subscription to Vogue Pattern Book.

Mrs. Brown modeled a brown wool broadcloth ensemble, which featured great versatility. By removing the jacket it could be worn as a sheath dress. By adding a blouse, it became a jumper, or with various accessories could easily be worn from morning through evening.

The stage was decorated with white wrought iron lawn furniture against a backdrop of green. A large bouquet of red mums centered the low garden table.

Judging the contest were Mrs. Henry Lilly, Mrs. W. T. White and Miss Isabel Crutchfield, all of Hopkinsville. Mrs. James Elkins of Benton was commentator. Mrs. George Hall of Calvert City was pianist. Mrs. H. E. Olin of Murray and Mrs. Frank Tomsie and Mrs. Hunter Gaylor of Calvert City assisted with the models. Mrs. C. C. Lowry, first District Governor of Murray, and Mrs. Wm. Stuart of Calvert City welcomed the guests. Mrs. R. W. Hampton, Calvert kept the guest register. Overall chairman was Mrs. G. O. Cavanah of Smithland.

Following the Style Show, the ladies enjoyed a luncheon in the private dining room, where the tables were decorated with miniature dolls wearing assorted fashions. Mrs. Eric Hellstrom was in charge of decorations.

R. C. Riley Jr., Bob Treas Long Jr., Douglas Moore and Eddie Moser attended hospitality day at Lambuth College in Jackson, Tenn., Friday and remained over until Saturday night.

## Navy Offers New Training Program For College Groups

The Navy has announced a new aviation program designed to prepare aviation ground officers for naval aviation observers, weapons systems officers and maintenance officers in the categories of Radar intercept operators, bombardier, navigator, bombardier/navigator, airborne early warning, anti-submarine warfare, ECM evaluators, maintenance, electronics maintenance and ordnance.

Young men with a baccalaureate degree from an accredited college or university are eligible to apply for this new, modern training program. The navy particularly desires individuals with a degree in engineering,

electrical/electronics and mathematics background. College graduates who are selected for this new, special training program will report to "The Annapolis of the air," (The U. S. Naval Air Station at Pensacola, Florida), for indoctrination. Upon successful completion of a four month indoctrination course at the U. S. Naval School of Pre-Flight, candidates will be appointed as reserve officers in the United States Navy with a rank of Ensign.

Inquiries concerning this bright new era of naval aviation are invited by the local Navy Recruiting Office, Chief Fries in Benton at the City Hall each Friday from 12 noon to 3 p. m.

## Air Reduction Sales Rise to Record Level

New York — Air Reduction Company has released its 1959 annual report and in his letter to the stockholders, President John A. Hill stated that despite the adverse effects of the steel strike, sales rose to a record level of \$200,603,636, compared with sales in 1958 of \$175,307,384, an increase of 14.4%.

Net income after taxes in 1959 was \$14,850,600, compared with 1958 net income of \$13,349,885, an increase of 11.2%.

Earnings per share of common stock were \$3.81 in 1959, compared with \$3.47 in 1958, and increase of 9.8%.

Capital expenditures in 1959 amounted to approximately \$13,100,000, the highest in the company's history. A major portion

of these funds were used to expand Airco's facilities for the production of both liquid and gaseous oxygen, nitrogen and argon; and to build at Calvert City revival plants for the manufacture of acetylene-based chemicals.

In mid-1959, the company completed its second vinyl acetate monomer unit at Calvert City, doubling the capacity of the existing plant, bringing the total to 90 million pounds per year. At the same location, Air Reduction is completing a 20 million pound per year polyvinyl alcohol resin plant which with related facilities, costs in excess of \$10,000,000.

Cumberland Chemical Corporation, a joint venture in which Air Reduction owns a 60% interest and The Ruberoid Co. owns a 40% interest, is completing at Calvert City a \$10,000,000 plant for the production of vinyl chloride and a plasticizer for use by the Mastic Tile Division of Ruberoid in the manufacture of floor and wall coverings.

Regular quarterly dividends of 62½¢ per share, aggregating \$2.50, were paid on the common stock during 1959. The dividend on March 5, 1960, was the 17th consecutive regular quarterly dividend paid by Air Reduction on its common stock. The company's unbroken record of consecutive dividend payments now extends over a period of more than 42 years.

## Here Are Figures On How Sales Tax Will Be Collected

Frankfort—Payment of Kentucky's 3 percent retail sales tax will start on articles costing 15 cents or more.

This has been announced by the State Department of Revenue and the Governor's Advisory Committee on Sales Tax Regulation.

Items costing one through 14 cents will be free of the new tax. Here is the tax bracket as recommended by the advisory committee and filed as official regulations:

1c to 14c, inclusive—no tax  
15c to 44c, inclusive—1c tax  
45c to 74c, inclusive—2c tax  
75c to \$1.14, inclusive—3c tax  
\$1.15 to \$1.44, inclusive—4c tax  
\$1.45 to \$1.74, inclusive—5c tax  
\$1.75 to \$2.14, inclusive—6c tax  
Under the regulation, the "breaking points" in the second and third dollar of sales would apply the same as for the first dollar and enable clerks and customers to learn the system easily.

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid is *SERUTAN*. Here's medical evidence: A group of men and women took *SERUTAN* daily under medical supervision. In case after case *SERUTAN*, taken daily, helped establish regularity. So, for real relief from constipation after 35, try *SERUTAN*, powder or granular. *"Read it Backwards!"*

BENTON CALVERT CITY

# South Benton News

Have just returned from funeral services for Wallace Green and it was sad to know that he had to go that way. He was one of my Sunday School pupils when he was a small lad and I have always liked him.

The picture of his dog and the fact that friends reported the dog had tried to save him made me think of what a friend man has in his dog.

And sometimes the dog is not appreciated by his owner, but man is never deserted by his dog in this old selfish world. The dog never proves ungrateful and stands by in poverty and prosperity, in health and in sickness. He will sleep on the cold wintry grounds where the wind blows and the snow drives fiercely if he can only be near his master.

He will kiss the hand that has no food to offer, he will lick the wounds and sores that he encounters from the world.

He guards the sleep of his master, whether he be prince or pauper, and remains when others desert. He is as constant in his love as the sun is in its journey.

And when the last scene of all comes and death receives the dog's master and his body is put in the ground, no matter if all other friends pursue their way, there by the graveside, his head between his paws, his eyes sad but open and alert stands the dog—till death.

**CARD OF THANKS**

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our kind friends and neighbors during our recent bereavement in the loss of our beloved wife and mother, Mrs. Mattie Peel.

We especially thank Rev. Burnett and Rev. Corlew and Filbeck-Cann Funeral Home. May God bless each of you.

Husband and Son.

these wars are steadily

Schweitzer. Here are  
the things he says we  
must do to prevent destruction  
of our civilization.

must substitute a  
nobility which aims  
at the betterment of  
the whole of mankind, for  
the selfishness of the  
individual.

must substitute a  
common civilization  
for the isolated nationalism  
of the past. We must  
substitute a faith in the  
civilized world for the  
faith in a society that lacks  
a common purpose.

must substitute a con-  
fidence in the processes and  
of true civilization, for a  
faith in the transient  
successes of the past.

must substitute a faith  
in the progress of the  
world, for a faith in the  
stagnation of the past.  
Our only hope is in  
the spirit of God who will  
bring about the world and  
the future.
